GRAFFIK

LAURENT SCHARK HAS DEVELOPED A STRONG MUSICIAN MIND SINCE HIS EARLIEST YEARS. he's a pianist first of all, then followed DJ decks years after. His set is strongly influenced by funk and disco (like **Kool & The Gang**, **Stevie Wonder**, and other famous references taken from the «Soul Music»). Year after year, his Dj set has turned into a power set, broadcasted on more than 60 FM and Web stations all over the world, and his millions of listeners. This is a very uplifting show with a lot of fun, and "avant-garde" live with a hardly stamped LS signature.

Laurent Schark is also a great radio Dj. He began his radio experience on national and local FM stations, back in 1998, in south of France. He now offers a weekly « **Laurent Schark Selection** » show broadcasted on more than 60 FM and Web stations all over the world, and his millions of listeners. This is a very uplifting show with a lot of fun, and "avant-garde" live set, broadcasted from the London studios.

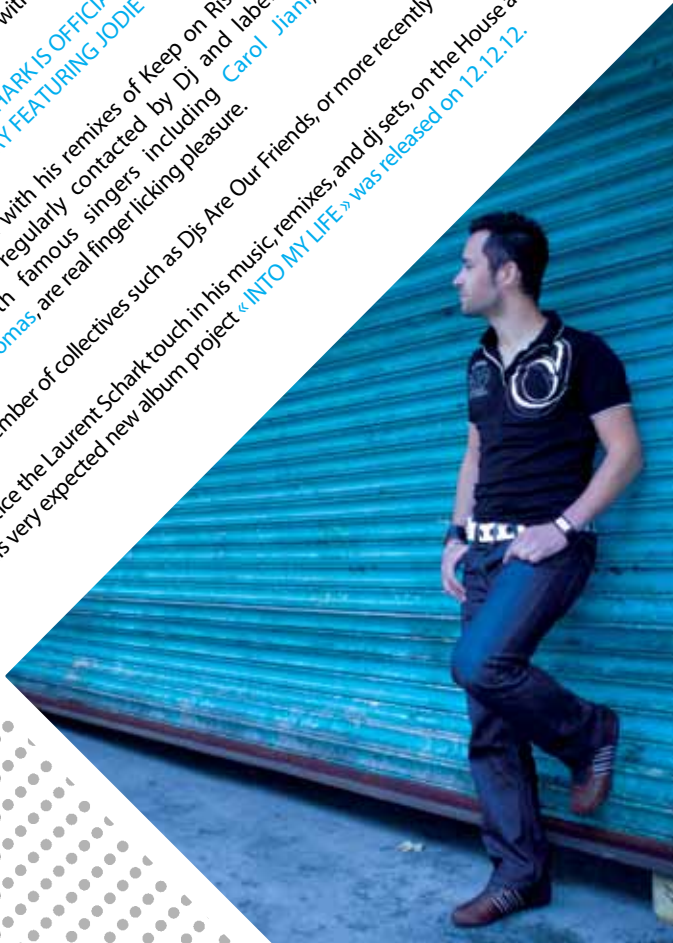

Laurent Schark is of course a gifted Producer Dj and talented remixer with a worldwide impact and recognition. He started the **GrooveMasters** Dj Collective. This duet quickly gains people ears on radio first, then in clubs. With his friend **MickKnight** he made hit remixes of **Say Say Say** (Michael Jackson & Paul McCartney), and **One Night In Bangkok** (Murray Head), during the 2005 Miami Winter Music Conference. The success was immediate, and many remixes started to invade radios and clubs in France, and abroad.

En 2006, Laurent Schark gets his title into the Top 5 best French Remixers during the contest organized by the magazine **ONLY FOR DJS**. Many projects raised since then, including his remix of **So Magic** (**Dexter Connection** – Ultimate Sound Production) broadcasted on international FM radios. The same year he founds his first recording company with his dedicated friend **MickKnight** (**EVOLUSOUND RECORDS**), and starts his album project **Move On**, released end of the year with 3 singles. He gave birth to a second label in 2008, with his partners **Frank Savannah**, and **Stone Willis**, **DOMINIUM RECORDINGS**. In August, he produced a 10-track CD (Laurent Schark remixes, part of the double CD "the Plan"), published by **Night Dance Records**, and a single with **Felko** famous lead singer of **Gibson Brothers**.

LATE 2008, THE TALENT OF LAURENT SCHARK IS OFFICIALLY RECOGNIZED AND AWARDED DURING THE MMA MUSIC AWARDS, WITH HIS SINGLE CHEMISTRY FEATURING JODIE COOPER (BEST PERFORMANCE ACT 2008).

His remixer talent is confirmed with his remixes of **Keep on Rising** (**Ian Carey**), or **Heard It All Before** (**Soul Avenir**), and Laurent is now regularly contacted by Dj and labels across Europe and North America. His fantastic collaborations with famous singers including **Carol Jiani**, **Jodie Cooper**, **Jeri Lee**, **The Filtrations**, **Joanna Rays**, **Evelyn Thomas**, are real finger licking pleasure.

Laurent is also member of collectives such as **Djs Are Our Friends**, or more recently **Sexofoniks**. You will notice the Laurent Schark touch in his music, remixes, and dj sets, on the House and Electro House Music scene. His very expected new album project « **INTO MY LIFE** » was released on 12.12.12.
